

VTRANS PROJECT PIPELINE AND LONG-TERM NEEDS

Commonwealth Transportation Board

Nick Donohue, Deputy Secretary of Transportation Jitender Ramchandani, AICP, PMP

July 14, 2020

- Provide updates on the following VTrans-related tasks
 - VTrans Multimodal Project Study Pipeline
 - Approach to the Identification of VTrans Long-term Needs

	Mid-Term Needs	Long-Term Needs
Planning Horizon	• 7 - 10 years	• 10 – 25 years
Purpose	 Screen SMART SCALE applications Prioritize VDOT Revenue Sharing applications Forms the basis of VTrans Multimodal Project Study Pipeline 	 Inform policy to prepare for gradual and systematic change
Board Action	Adopted in January 2020	Requested in 2021

VTrans Multimodal Project Study Pipeline

PRIORITIZATION OF VTRANS MID-TERM NEEDS I CONTEXT AND SIGNIFICANCE

• VTrans Multimodal Project Study Pipeline

- In January 2020, the Board directed OIPI to prioritize the identified 2019 Mid-term Needs
- In May 2020, Deputy Secretary Donohue presented the following overarching approach:

- The purpose of this section of the presentation is to provide more details
- Significance of This Work
 - This works informs VDOT and DRPT investments for various types of studies

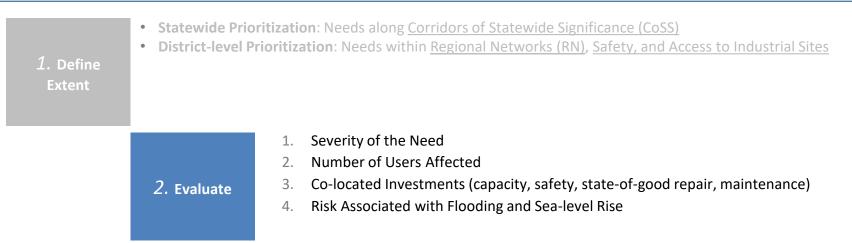

PRIORITIZATION OF VTRANS MID-TERM NEEDS 1 STEPS

- Statewide Prioritization: Needs along Corridors of Statewide Significance (CoSS)
- District-level Prioritization: Needs within Regional Networks (RN), Safety, and Access to Industrial Sites

1. Define Extent

PRIORITIZATION OF VTRANS MID-TERM NEEDS | STEPS

PRIORITIZATION OF VTRANS MID-TERM NEEDS | STEPS

1. Define Extent	 Statewide Prioritization: Needs along <u>Corridors of Statewide Significance (CoSS)</u> District-level Prioritization: Needs within <u>Regional Networks (RN)</u>, <u>Safety</u>, and Access to Industrial Sites 		
	2. Evaluate	 Severity of the Need Number of Users Affected Co-located Investments (capacity, safety, state-of-good repair, maintenance) Risk Associated with Flooding and Sea-level Rise 	
		<i>3.</i> Establish • Utilize a systematic and transparent approach to establish thresholds

	ocal and regional agencies		<i>4.</i> Establish Priorities	 Statewide and District-specific scoring weights 	10
	rtation plan				10

PRIORITIZATION OF VTRANS MID-TERM NEEDS I NEXT STEPS

- Conduct Initial Analysis
- Gather feedback from CTB members to identify Statewide and District-specific priorities to weigh different types of Needs

VTrans Need Categories for Prioritization

Congestion
Reliability
Transit Access
Non-motorized Access
• Safety
Capacity Preservation

- Transportation Demand Management
- Access to Industrial and Economic Development Sites

PRIORITIZATION OF VTRANS MID-TERM NEEDS | NEXT STEPS

		1
May	Briefings	
	Gather feedback and ensure consistency with the Board's priorities	
July	CTB Workshop	We are here
	Present initial approach and gather feedback	we are here
		-
July - Aug	Evaluate	
	Develop initial results	
		-
Sept	VTrans 2020 Regional Workshops	
	Gather Feedback on the initial results	
		·
Sept - Oct	Incorporate Feedback	
	Make revisions to reflect feedback	
Oct	Fall Transportation Meetings	
	Ensure Feedback is accurately reflected	
		1
Oct	Incorporate Feedback	
	Make additional revisions, if needed	
		Develop
December	Request Action on VTrans Tiering	Solutions
TRANS TRANSPORTATI	IN PLAN	12

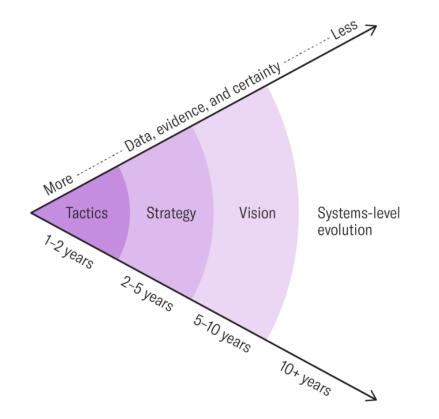

Identification of VTrans Long-term Needs

• In <u>January 2020</u>, the Board also directed OIPI to develop scenarios to assess the impacts of divergent trends to identify Long-term Needs

IDENTIFICATION OF LONG-TERM NEEDS | SIGNIFICANCE

"First identify highly probable events for which there's already data or evidence, and then work outward. Each section of the cone is a strategic approach, and it encompasses the one before until you reach major system-level evolution...."

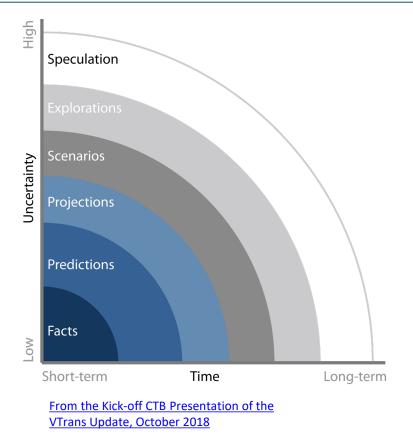

Amy Webb, <u>How to Do Strategic Planning Like a</u> <u>Futurist</u>, July 30, 2019, Harvard Business Review

IDENTIFICATION OF LONG-TERM NEEDS I SIGNIFICANCE

• Long-term (10-25 years)

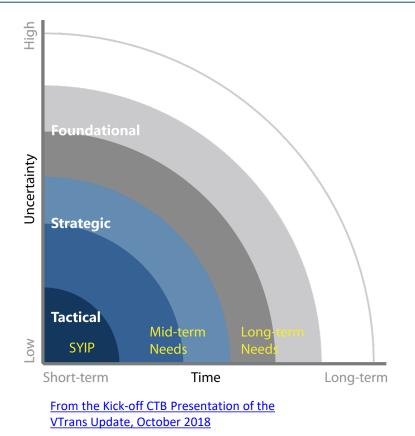

- Planning to prepare, not predict
- Evaluate impact of the following external factors:
 - Technology trends
 - Vulnerability associated with flooding and sea-level rise
 - Economic trends
 - Demographic and land use trends
- Develop three (3) scenarios and associated impacts and mitigation needs

IDENTIFICATION OF LONG-TERM NEEDS | SIGNIFICANCE

- Long-term (10-25 years) address foundational items such as:
 - Role and Responsibilities of Organization
 - Focus of Organization
 - Major Risks and Opportunities

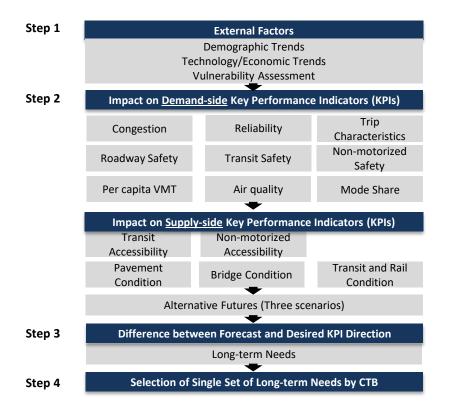

IDENTIFICATION OF LONG-TERM NEEDS | STEPS

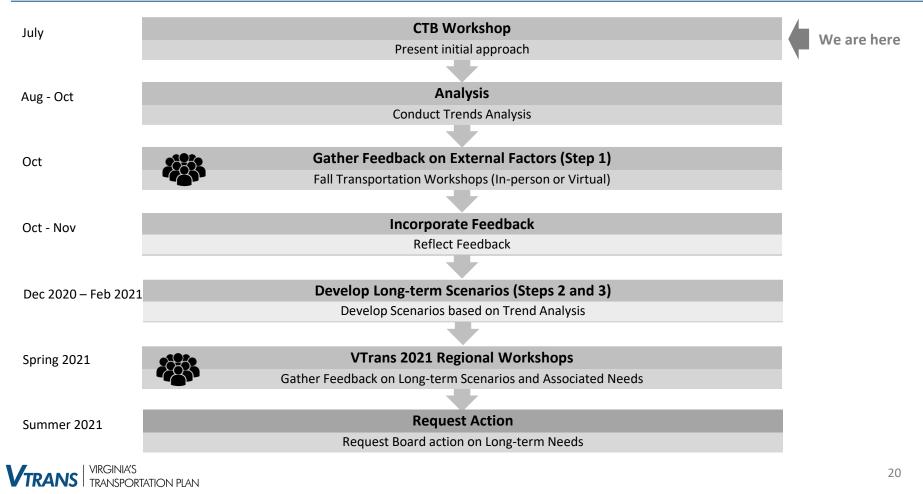

<i>1.</i> Identify External Factors	 Demographic Trends Technology Trends Economic Trends Change in Vulnerability (flooding and sea-level rise) 		
	2. Board's Vision and Goals	 Key Performance Indicators (KPIs) based on Board Vision, Goals, and Objectives Identified 15 KPIs for Board's review and feedback 	
		 Impact of External Factors on CTB's Goals Identify range of expected impacts (Develop three scenarios) 	
VIRGINIA'S TRANSPORTATI		Long-term Needs to be better prepared A. Our Actions
